

# Global HOPE Project ECHO Seminars

Texas Children's Hospital Cancer and Hematology Centers' Global HOPE program invites you to join their seminar series in collaboration with Project ECHO (Extension for Community Healthcare Outcomes). Using the web conferencing application ZOOM\*, case-based learning seminars are organized around essential paediatric oncology nursing care and paediatric palliative care issues. The objectives of these seminars are to provide an education platform for nurses caring for children with cancer and health care providers caring for children at the end of life. **The Global HOPE Project ECHO Seminars are free!**
